All such proposals for transfer will be referred to the Honorary Secretary for his prior approval. In the case of boys admitted to a Sainik School outside the Home state against surplus vacancies, such requests will not be entertained as a general rule.</p> <p>2. In order to deter the misuse of the provision under Rule 3.36, the following conditions are to be met, before cadets are permitted inter school transfer:-</p> <p>(a) The Inter School Transfer should not be sought during the year of admission and the cadets are required to study in the school at least one academic year. Cadets can seek transfer only in Classes VII or VIII.</p> <p>(d) Such transfer shall be permitted only if the candidate seeking transfer has scored more than the total marks of the first candidate in the waiting list of the same category, at the school applied for, in the same entrance exam (AISSEE) of that particular year. If the published waiting list is already exhausted, the cadet seeking transfer is required to score total marks which are more than the marks scored by the last candidate admitted in the category.</p> <p>(e) If the cadet is seeking transfer to a Sainik School is located in his Home State (of which he or she is a domicile), he or she would be considered for the vacancies under the respective Home State category (in the relevant sub category as per List-A).</p> | <p><b><u>TRANSFER OF STUDENT FROM ONE SCHOOL TO ANOTHER</u></b></p> <p><b>3.36</b> As a general rule, inter-school transfer of cadets is not to be encouraged, since this provision can be misused for gaining admission in a school of one's choice through "back door". Although admission to Sainik Schools is based on a common entrance exam, the cut off marks in each category varies from school to school. <i>Therefore, it is paramount to ensure that injustice is not done to any candidate who had applied to a particular school and is waitlisted due to lower rank. On the other hand, through Inter School Transfer a candidate who has scored lower marks than the waitlisted candidate in that particular year should not secure admission in the same school under the provision.</i> A request for transfer, on well-established compassionate grounds can be recommended for approval of the Sainik Schools Society, by the Principals of both schools, subject to the following conditions:-</p> <p>(a) There should be no adverse financial effect on the school from where the transfer is sought.</p> <p>(b) The transfer should not be sought during the year of admission and the cadet is required to study in the school for at least one academic year.
